2017 WRISE Corporate Sponsorship Benefits

There are two primary ways to sponsor now and for our future growth:

Corporate Partnerships (any amount – benefits vary by level) build our core programs and operations through sponsorships of all levels. Corporate Partners are publicly recognized in a range of formats for their leadership support of women, as described below.

Underwriting Sponsorships (\$7,500 +) offer focused support for specific events and programs. Sponsorship opportunities include the national luncheon, the annual leadership forum, and our 2017 webinar series.

Many leading renewable energy businesses have become regular sponsors. You can see these companies listed on our corporate sponsorship page at www.WRISEnergy.org

Sponsorships are a great opportunity to feature your company and are available in varying amounts. For further information or to reserve your sponsorship opportunity, please contact: Kristen Graf, Executive Director, at (718) 210-3666 or Kristen@WRISEnergy.org
